Another infrastructure project that needed to be corrected were the hanging lights in our sanctuary. I'm not sure how old they are but the porcelain part that you screw the light bulb in to was beginning to crumble away so thank you to Bill and John Bright (Bright Electric) and Dan Rose and Stan Adams for correcting this problem. They also changed to LED light bulbs so that they do not have to be changed as often. Now if we could just attend church again!

Thank you so much to Twillman Construction for repairing the sidewalk behind the church and for pouring a brand-new concrete pad for handicap parking! It looks awesome and is such an improvement for our church. Please remain faithful to your financial commitment to MCC. This was not an inexpensive project but needed to be done. You may mail a check to the church or go to the church website – <http://millersburgchristianchurch.org/> and click on the "donate" tab at the top of the page. This will take you to a secure, PayPal page where you can donate by either a deduction from your PayPal account or by using a credit card. Thank YOU!!

## Patricia's Ponderings

### Zooming In

It dawned on me the other day that I am a Boomer, a Sooner (from Oklahoma), and now a Zoomer. Thanks to Rev. Bob Green, our "zoom master," we are meeting each week for the most unusual worship services I could ever imagine. This chapter of MCC's long and distinguished history will certainly be noteworthy to future generations of Millersburg Disciples.

Thanks to Barbara and Jeff Moran, we even have hymns that we can sing along to - for better or worse. (We discovered that it is best to "Mute" ourselves while singing along with Barbara and Jeff on most songs, due to a lag time on Zoom.) I am happy that so many of you can tune in. Some of you do not have all the bells and whistles for the full experience, like cameras and speakers on your computers, and that is okay. Like Joyce Schermerhorn, you can still be a part by listening in and seeing your friends. We were able to sing Happy Birthday to her! Others, like Margaret Blattner, come to Zoom via the telephone. Rita Adams puts her on "speaker" and she can listen in - and talk, too! (That's how we know she puts on her earrings for each service.)

What a joy it is to see and hear one another during these days of quarantine! So, if you do not have an e-mail, do not hesitate to "call in" by calling one of your friends in the church who is on Zoom. There are many ways to be a part. Jeff Moran, our web master, has also posted links to each Sunday's sermon on our website ([www.millersburgchristianchurch.org](http://www.millersburgchristianchurch.org)) under the tab "sermons."

Zoom is new concept for me. Before the pandemic, I only associated the word "zoom" with a zoom lens on my camera, the lens that brings things closer in order to get details. Since Zoom itself has been an enormous blessing, maybe we can "zoom in" to other blessings during this time of national and global crisis. We have the option of focusing only on what we do not have - hugs, handshakes, family events, real church services - or zoom in on unexpected blessings.

At Zoom church, during our joys and concerns, we share what we are grateful for. Last Sunday, I noted that many of us referred to some aspect of nature - the spotting of an Oriole in the garden (Vicki Fritz) or suddenly encountering a wild turkey, flapping its massive wings (Barbara Moran). Nature can be a balm in these days of grim news. It reminds us that, despite the pandemic, Robins will still sing, Red Buds will still bloom, and daffodils will still dance under the sun in gladness.

All this reminds me of Easter, the season we celebrate now. Jesus' resurrection reminds us that fresh and surprising blessings are all around us if we take time to zoom in. While the pandemic is terrible and terrifying, we can still tap into the resurrection possibilities all around us. What will you zoom into today?

### We Be Zoomin'!!

So, for those of you who have not participated, here is the procedure for joining us in other services

1) Prior to the Sunday worship service, Bob Green will send an email to members and friends of the church with a link to the Zoom meeting (church service); click on that link and follow the instructions; it is OK if you forward Bob Green's email to other friends and family that might be interested; you will be able to sign in to the meeting 30 minutes or so before the 10:30am meeting "start" time.

2) Listen to and participate in the worship experience until the end of the session, about 11:30.

If you have questions about any of this, call Jeff Moran at 573-642-9749 or email him at [scimusic@tranquility.net](mailto:scimusic@tranquility.net).

In general, our church finances look good despite not meeting physically during the corona virus pandemic. People have remained faithful to their financial commitments to the church, and we received a generous donation. However, we do need to pay for a \$4,500 infrastructure project that has been completed, and our quarterly insurance premium has increased to \$923.50, a larger increase than we had anticipated. Just a friendly reminder: we do need about a thousand dollars a month in fund-raiser income and/or unscheduled donations in addition to our pledged amounts in order to meet our general operating budget. Thanks! - Jeff Moran, Treasurer
